

## The Writer's Cave Project

Recently on the site I had the "Oh no, not that" blurb, talking about having received requests from folks wanting to have a look at my workspace. Well, while I will still probably do a detailed tour of my office in the not too distant future, there is a preview available now.

Author, [Paige Cuccaro](#), has some pages on her site she calls "[The Writer's Cave](#)" where she posts pictures of other author's offices and workspaces. Apparently, she received a request from one of my fans to post a pic of my office and contacted me. Soooo, I am now a part of her project! (THANKS, PAIGE!)

Anyhow, if you'd like to have a gander at where I spend my time communing with Rowan Gant and the crew, check out The Writer's Cave. I'm at the bottom of page 3. And, while you're there, make sure you check out some of the other Writer's Caves as well as the rest of Paige's site too!
